ACCOMMODATION

REA
COMMUNITY C

There are several accommodation options to choose from in Hobart, Sydney and Melbourne. The price of accommodation may vary according to the type of accommodation.

Accommodation choices may range from short term arrangements such as hotels, motels, backpackers to shared options such as granny flats, studio apartments, student accommodations etc.

HOMESTAY

Homestay is another go-to option for student accommodation because it helps students settle in a new environment before learning to live by themselves. Homestay provides students an opportunity to live with an Australian family and learn the culture. Students are provided with meals and other amenities to make their stay very comfortable. If you are interested in a Homestay arrangement, please contact student support.

STUDENT ACCOMMODATION

This accommodation arrangement offers various styles and configurations such as studio (single) and shared apartments for four to six people. These apartments could be same sex or mixed.

RENTAL

Most rental properties require a bond and is usually equivalent to the amount of four weeks' rent. If you have a limited budget, you may consider sharing a house or apartment with several friends or looking for share house accommodation. This allows you to split the costs among several people. Some places may ask you to sign a lease committing to 6 months or 12 months, while others may be more flexible.

If you leave early in your lease term, (called breaking lease) your landlord or agent may seek compensation. Another thing to consider is location. It is important to think whether your accommodation is close to shops and restaurants, and how long it takes to travel to your campus and work. Consider living close to your campus, otherwise look into public transport options.

What is a 'critical incident'?

Critical incidents are traumatic events occurring on or off campus (within or outside Australia) which significantly impact or threaten to significantly impact student wellbeing by causing extreme stress, fear or injury (or has the potential to cause) serious physical or psychological harm. Your safety is our top priority. We have a dedicated Critical Incident Management Policy that outlines how REACH staff manage emergency situations for international students. It includes:

- missing student
- any fatality or serious injury
- a serious traffic collision
- murder or suicide
- physical / sexual assault or domestic violence
- severe verbal or psychological aggression
- fire where property is lost or people are harmed
- explosion or bomb threat
- a hold-up or attempted robbery
- serious threats of violence
- storms or natural disasters
- drug or alcohol abuse causing harm to someone

What to do if an emergency or critical incident happens

1. Do not put yourself in unnecessary danger
2. In an emergency, please call 000 for police, fire services or ambulance
3. Please contact Student Support:
P: **+61 3 6169 5508** or E: **studentsupport@reachcollege.edu.au**
Please give this phone number and email address to your family and friends so that if something happens to you, they can contact us.
4. We will guide you on what you need to do next, and what we can do to help. This may include reporting the incident to senior management for extra assistance.

STUDENT SUPPORT SERVICES

STUDENT CODE OF CONDUCT

Student Conduct Rules provide students with a clear understanding of the standard of behaviour required while undertaking studies with REACH.

All students are provided with a copy of our Student Conduct Rules at their orientation. Student Conduct Rules are available on our website: reachcollege.edu.au

POLICIES AND PROCEDURES

There are a number of important policies and procedures relevant to all aspects of your engagement with REACH. Policies and Procedures can be found on our website: reachcollege.edu.au

COMPLAINTS AND APPEALS

Students have the right to lodge a formal complaint or appeal if they feel they have been unfairly treated by REACH or its staff and they have been unable to resolve the grievance or dispute informally. REACH has a documented internal complaints handling and appeals process and policy in place, available on our website at: reachcollege.edu.au.

If you wish to lodge a complaint, please complete and submit the Complaints & Appeals Form, available at: reachcollege.edu.au. If you are still unsatisfied with the outcome of the formal complaint, you have the right to appeal the decision.

PROCESS

Internal Complaints/Appeals

Overseas students who wish to make a complaint/appeal or grievance are encouraged to attempt to resolve their complaint/appeal through a formal discussion. REACH staff, within 10 working days, will commence assessment of the complaint or appeal. REACH will keep a written record of the complaint or appeal, including a statement of the outcome and reasons for the outcome.

When a complaint/appeal is not straightforward regarding a serious matter that requires significant and immediate attention, the student may directly turn to the Formal Complaints/Appeals Procedure. REACH staff are also available to assist students in lodging the relevant documentation for formal complaint/appeal investigations.

External Complaints/Appeals

If the conditions where the complaint/appeal or grievance of the student is not able to be resolved through the formal complaints/appeals procedure, the student can appeal the decision externally through the Office of the Commonwealth Ombudsman (Overseas Students - Commonwealth Ombudsman) www.ombudsman.gov.au to escalate your complaint or appeal externally within 10 (ten) working days, at no cost.

For more details, please refer to REACH's Complaints and Appeals Policy and Procedure, available at: reachcollege.edu.au

DEFERRAL, SUSPENSION AND CANCELLATION OF ENROLMENT

- REACH may defer or suspend the enrolment of a student if it believes there are compassionate or compelling circumstances
- Before REACH defers or suspends a student's enrolment for compassionate or compelling circumstances, it is to ensure that the student has a valid CoE with a start date that reflects the student's intended date of return to studies
- REACH may suspend or cancel a student's enrolment for reasons, including, but not limited to:
 - misbehaviour by the student, in breach of the Student Conduct Rules
 - the student's failure to pay an amount he or she was required to pay REACH to undertake or continue the course as stated in the written agreement
 - a breach of course progress or attendance requirements by the student, in accordance with Standard 8 of the National Code (see also: REACH Monitoring Student Attendance and Academic Progress Policy and Procedure)
- Before deferring, suspending or cancelling a student's enrolment, REACH is to advise the student in writing that the process may impact their student visa, in particular, if the grounds for the deferral, suspension or cancellation is due to:
 - the conduct of the student
 - for reasons other than compassionate or compelling circumstances
 - compassionate or compelling circumstances, where the studies of the student cease to exist
 - fraudulent evidence or documents provided to REACH by the student

ASSESSMENT

Assessment is specifically conducted to determine if a student can deliver essential outcomes related to the performance criteria within each Unit of Competency. Basically, this means assessment is conducted to see whether or not a student has the required skills and knowledge to perform effectively in the workplace. If a student's performance in the assessment does not demonstrate the requirements, the student is marked as 'Not Competent', while successful performance will result in the student being deemed 'Competent'. Assessors will look for evidence against which to base their judgements of competency.

The ways to demonstrate to our qualified assessors that you can perform to the required standard and be classed as "Competent" or "Meeting Requirements", include:

Being observed as you work/perform the tasks and activities

- Responses to verbal questioning
- Written response to theory questions
- Responding to a role play or case study

SUBMITTING ASSESSMENT

You are expected to complete assessment for all units in your qualification. You will need to submit assessment by the due date for a result to be recorded. You will receive full and detailed instructions on the requirements for each assessment, including its context and purpose; ensure you talk to your trainer and/or assessor to clarify anything that is not clear to you.

ASSESSMENT FEEDBACK

You will receive feedback regarding the outcome of each of your assessment items. To be deemed “Competent” against a nationally accredited unit, you must meet the requirements for all elements that comprise that unit.

PLAGIARISM

All work that you submit must be your own. You will have signed a declaration at the start of each assessment that this will be the case. Plagiarism is taking someone else’s work and/or ideas and passing them off as your own. It is a form of cheating and is taken seriously by REACH. To help you understand, the following are examples that constitute plagiarism:

- Copying sections of text and not acknowledging where the information has come from
- Mashing together multiple ‘cut and paste’ sections, without properly referencing them, to form an assessment response
- Presenting work that was done as part of a group as your own
- Using information (pictures, text, designs, ideas etc.) and not citing the original author(s)
- Unintentionally failing to cite where information has come from

REFERENCING

When it comes to properly acknowledging where information has come from, students should be aware of, and be able to properly use, referencing protocols.

TRAINING AND ASSESSMENT STRATEGIES

REACH staff are appropriately qualified and have sufficient, relevant industry experience to train and assess the courses delivered. On occasion, a subject specialist may conduct assessment in conjunction with a fully qualified assessor. You will be advised of specific instances in your course whereby this may be the case.

Our methodologies regarding training and assessment work toward ensuring our processes meet national assessment principles including Recognition of Prior Learning (RPL), and Credit Transfer (CT).

ISSUING CERTIFICATES

Upon successful completion of your coursework and provided all fees are paid, a Certificate or Statement of Attainment will be issued to you within 30 calendar days of you being assessed as meeting all requirements for the course. This meets the compliance requirements under the Standards for RTOs 2015.

If for some reason REACH ceases to operate whilst you are still enrolled, a Statement of Attainment will be issued to you for the units within the qualification for which you have successfully met requirements.

MONITORING STUDENT ATTENDANCE AND COURSE PROGRESS

Students must maintain a satisfactory level of course progress and attendance in accordance with REACH policy and procedure.

The intervention strategy for a student with unsatisfactory course progress can include but is not limited to phone notification, a reminder letter of course attendance, and any email communication between a student and REACH staff for the improvement of a student's course attendance.

It is the student's responsibility to ensure they have access to their REACH email address for the purpose of direct communication with REACH staff and to ensure they attend all classes. It is also a student's responsibility to notify and discuss any absences with their teacher/trainer (e.g., a student may inform trainers/teachers of any difficulties preventing them from attending classes).

An REACH administrative support officer will follow up with a student who is absent from their scheduled classes and, if necessary, create an Intervention Strategy Plan (ISP) which is a documented process agreed upon between the trainer and the student, outlining the academic support and/or assistance to a student to achieve satisfactory course progress in any study period.

The strategies outlined in the ISP may include but are not limited to counselling, assistance with study, extra classes, additional training or tuition, reducing the student's workload temporarily, referring to student support services, assisting with welfare, housing or other personal issues that are impacting the student. For more information, please refer to the Monitoring Student Attendance and Course Progress Policy and Procedure on our website at reachcollege.edu.au

WHICH INSURERS OFFER OSHC

- BUPA Australia
- Medibank Private Limited
- Nib Health Funds Limited
- Australian Health Management
- Peoplecare Health Limited
(Allianz Global Assistance)

It is a standard requirement for every International student to purchase Overseas Students Health Cover (OSHC) to live and study in Australia. This provides each student with the basic services of the Australian Healthcare System such as access to an ambulance (in the case of an emergency dial 000), making an appointment with a General Practitioner (GP) and requesting a home doctor.

Most of these services are free and are covered by your insurance provider. If there is an out of pocket expense for medical services, contact your insurance provider for the possibility of claiming back the money. Please note that claims are subject to your insurance provider's policies.

It is important you contact your OSHC insurer before being admitted to a private hospital. While private hospitals will still provide you with medical attention, be aware that not all of their services will be covered by OSHC and you may have to pay extra for these services.

The membership card is provided to you once you register your details with your OSHC provider upon arriving in Australia and it will be sent to the address you include during the registration.

The sun in Australia is very strong and can cause sun damage or skin cancer. Australia has one of the highest rates of skin cancer in the world. To avoid sunburn and lower the risk of developing skin cancer, it is important that you follow these simple precautions:

Protect your skin - For best protection, we recommend a combination of sun protection measures:

SLIP, SLOP, SLAP

- Slip on some sun-protective clothing that covers as much skin as possible
- Slop on broad spectrum, water resistant SPF30+ (or higher) sunscreen. Put it on 20 minutes before you go outdoors and every two hours afterwards. Sunscreen should never be used to extend the time you spend in the sun
- Slap on a hat – broad brim or legionnaire style to protect your face, head, neck and ears
- Seek shade
- Slide on some sunglasses – make sure they meet Australian Standards.

OBEYING THE LAW

REA
COMMUNITY C

The law in Australia is intended for all Australians and visitors, which includes international students as well. Obeying the law will ensure you avoid breaching your visa conditions. Disobeying the law, in some cases could land you in jail or get you deported from the country. One prevalent law in Australia covers the topic of discrimination which is greatly frowned upon.

Every individual living in Australia must learn to respect others and not act with prejudice in relation to gender, nationality, religious beliefs, disability, marital status and sexual preference.

RELIGION

Hobart, Sydney and Melbourne are multicultural cities where you can find churches, temples, mosques and religious centres. Google to find one close to you! Worship centres sometimes provide free English lessons and fun activities for international students as well.

MARRIAGE AND DOMESTIC VIOLENCE

Under Australian law, men and women have equal rights and may choose to enter into marriage. An individual can be legally married at the age of 18. Marriage to more than one person is against the law and could be punishable by jail time.

Violence against another person is illegal in Australia. This includes physical abuse, sexual abuse, assault, social abuse, economic abuse, physiological, emotional and verbal abuse.

All forms of violence are punishable by jail sentence or deportation.
